A New Vision Toward the Future

By Father Matthew Brumleve

More and more, I have to admit my mother is right. She says the older you get, the faster time flies.

Already, we are at the end of a summer that seems like it just began. And, as we move into the fall, it has been nearly a whole year since we had a round of town hall meetings about our future, although that just seems like yesterday.

At those town hall meetings last year, the consensus of those attending was to stay here in the future, if possible, instead of moving to 106th and Woodland. Some were concerned whether staying here was a possibility.

Since we have had a relationship with SFS Architecture for many years, I simply asked Mike Shaughnessy what the possibilities were.

He came back with what can be considered a master plan for our current property. This plan includes an enlarged worship space (to seat 880), increased classroom and parish hall spaces, additional parking and a multipurpose building.

We are providing you with these plans so that you can start to wrap your minds around them.

We will hold some town hall meetings

again this fall to continue hearing your preferences and concerns. (*See back cover for dates and times.*)

If we decide we want to move in this direction, we can start gearing up for a major campaign to bring the vision to reality.

Let us continue to ask God to send new members to Holy Family, so that together, we can embrace our future.

My mother always said, “You first have to have dreams before they can come true.”

INSIDE THIS EDITION

Church Expansion Page 2

Classroom Expansion Page 3

Parish Hall Expansion Page 4

Site Plan Page 4

Multipurpose Building Page 5

CHURCH EXPANSION

7,508 square-foot addition

5,750 square-foot renovated area
